### SUMMER SCHOOLS IN THE U.S.– Summer 2024

The following summer school programs fall into three categories: Boarding School Programs, University Programs, and Independent Programs. Both American and international students attend these programs, stay in dormitories, take classes, and participate in various activities. The programs vary in length, type, location, and tuition cost. The majority of programs are focused on academics. It is important that students do thorough research about summer programs in order to determine which program is the right fit. The following is by no means a comprehensive list of all summer schools in the U.S./Canada; however, it represents the most popular choices of our students in recent years.

**Most of the applications are reviewed on a rolling basis, so apply early to claim your spot & ensure placement in your preferred course!**

#### PROGRAMS RUN BY UNIVERSITIES

These programs are run by the university on whose campus the program is held. Usually, classes are taught by professors at the university. Some programs offer college credit.

## PROGRAMS AT BOARDING SCHOOLS

This is a list of programs hosted by private boarding schools in the U.S. Most of the schools have beautiful campuses in safe, small towns. All those listed here are in New England (northeastern states). They have strong academic programs and offer many other activities such as sailing, horseback riding, tennis, etc.
